With the proceeds over the years we have provided for the Students of the Wellington Free Kindergarten Training College, a Slide Projector and Screen and also a Movie Projector. We have also completely furnished the Library at the College and have a fund called the Doreen Coulter Memorial Library Fund, to which we add some more money every year, this pays for the books in the library. In more recent years the majority of the money has gone back to the Kindergartens participating in the shows and this money has been used to buy pianos, stock book corners, or buy any other equipment that is necessary.

We feel that during the war years and those years following when very few overseas shows were available, that we filled a real need to the public in providing bright entertainment at a very reasonable cost and to all performers and supporters who have faithfully attended for many years especially the mothers from the Masterton United Mothers' Club, who have attended every year since 1954, we say a big thank you and hope that you enjoy our Silver Jubilee show as much as you have enjoyed the past 24.
